Zeitgeist is a mind heist – venus project is a scam ?

Just another WordPress.com weblog

Barbara Streisand effect – VTV fraudulantly flags videos

Recently I saw a video on the anonymous youtube channels, it was also posted on James Kushes blog and Mario Bro blog through them. Anyway VTV managed to file a fake DMCA to get it removed, then those anonymous kids put it back up, so VTV went and did again.

The short of the video is this:

VTV was stating he had evidence that a prominent member of the venus project design team was whispering into Jacques and Roxannes ear and caused the split between TZM and TVP, he did this in teamspeak with Thunder and a few other members present, this was recorded and put into the video. Then a few days he interviewed Roxanne Meadows on his podcast and she defended this member and said he had nothing to do with it, VTV then said that TZM members should stop spreading hysteria and talking about this matter as if they knew it to be true, when it wasnt.

So he basically lied about having evidence, and lied about him being involved in the initial rumour mill and witch hunt for this person.

Luckily I have a copy of the video I downloaded from the anonymous channel if you want a copy to check out here it is available to download:

<http://www.sendspace.com/file/7q4a4v>

Also if you want to host it on your youtube channels or put it online other places feel free.

I have downloaded a lot of the anonymous videos from their channels, as well as been sent download links to my email from them, due to them getting censorship attacks and shit from TZM/TVP cult members. If anyone wants access to them just shout I will get you a link for them.

Also the video has been mirrored by other people on youtube, Anonymous have publicly stated that those of you out there who feel these so called leaders of the cult are putting themselves beyond reproach, and using false censorship tactics to hide their errors and lies should likewise promote their information and mass produce, mirror and copy their files everywhere.

This is all part of VTV's plan to take over TZM and backstab other members who get positions of power he wanted.

Anyone who wishes to file a counter claim via youtube against this fat shithead go for it through this form here:

http://www.google.com/support/youtube/bin/request.py?hl=en-GB&contact_type=copyright_counternotice

It asks for your account details and private data, which is likely why a lot of people do not file counter claims, as it reveals their information to the person filing the DMCA.

1. What will happen if VTV takes over is that a lot of members will leave but those who remain will be the most extreme members and the most likely to bow to his will.
