1. It seems these videos [that were in this reply] were removed, probably that TVPchallenge kid Brandy Hume crying about being publicly humiliated.

well there is always this below to view

3. rocking! seems like it all starts to fall all at one time eh?

I would appreciate the help of you and your patrons here in actually following Brans example and bringing me fully quoted evidence to these threads.

<http://www.rbefoundation.com/grouptopic.php?f=56&t=2233&p=12733#p12733>

if you look at my resume area personal me page...

This weighs heavily on my mind. I don't want to be unfair as a judge, or to be mean in looking at a difficult problem.

For this reason, I am going to uberfocus for the next 6 weeks on only the positive and then return to review the evidence that others place before me.

If you or anyone would like to carry on a simultaneous exploration of the best points and the positives, please do also start this in the appropriate brainstorm area threads by importing all of the good things you can find to our site.

:D :ugeek:

This will be done in any case; Sooner or later as an asprie speed reader the worm will turn; I will get bored from all of being sisyphus and pushing the boulder of humanities evolutionary tipping point up that hill. And then me and many yellowdragons Talons will be roaming the hillsides with that boulder parked somewhere it won't roll.

And I will still be a speed reader, and an asprie, but i then i will have a months worth of being away from them... and people will have delivered the evidence to the forum.

We will take all of the gems we can, and thats the important part of the brainstorm area; its gems.

In demonstration of right action, then, [quote]the plan is for me to deposit mine[/quote] first and let you guys add in anything TVP has to say after.

Or, the other way. Ready; ? Set? Go? (I have a head start, but you may be able to find ten other people to help?)
;) :D

So, you have a one month reprieve in which to demonstrate that the knowledge and gems which TVP has collected is superior in quality to the ones I have.

While I am way ahead and winning at this point here on this site, the fair warning is out. We will be openly cross comparing my virtual 20 PhDs with their combined virtual 5 Bachelors, and, That will turn out about like you would expect.

:D :geek: :geek: :geek: :geek: :geek: :geek: :geek: :!:

7. The only part of these videos that was noteworthy was Peters admission of being anti-credentialism should certainly cast doubt in the minds of Douglas Mallette or any of the remaining scientists left in that lost cause. Although he does make a good pont listening to the moderators bicker and fight amongst each other can be funny at times.

8. This video pretty much says it all peter merola is full of shit, Fresco and Roxannie are full of shit, Zeitgeist movement is full of shit, and venus project is full of shit!

If you have any credentials at all and disagree with TZM/TVP watch out!

9. I was just thinking their may be a connection between “anon4allofus” and “4allofus” website as MattG the owner of <http://www.4allofus.com/> and dislikes TZM/TVP very much. Seems a bit odd but could be a possibility.

[Billll](#) said this on [May 17, 2010 at 6:16 pm](#) | [Reply](#)

- o Probably best not to pin point any particular person just yet, anon is a pretty large group of individuals who do their own thing, but yeah thats a similar thing in the name.

10. yeah I don't think it is though it's just coincidence. To be honest I think the guy that was trying to incorporate anonymous into TZM I think he made the youtube but it's speculation. Indeed it could be anybody and yes anonymous is by far a huge very diverse group indeed.

- hahaha @ Codie dickers, I heard that was VTV posing as Plautus Satire in that video you have there lol. apparently VTV is also Lisa on CS forum as well, he's trying to troll it. much like I will assume the account and youtube is made by VTV as well... Totally fabricated evidence that's what TZM/TVP does.

15. OMG HALP when I saw Plautus Satires video I nearly died of laughter! As much as it bashes more proof, this is without any doubt evidence that Peter Merola did talk to Plautus through that e-mail.

I'm still laughing even hours later. TZM/TVP is a joke movement I hope TZM/TVP can stick around to be the butt of the internet jokes, they are the conspiracy theorist joke land of them all.

18. I found it amazing that he would build the nerve to even try to confront Anon on their channel when you see Keith Truth exposing him being a racist. Then he (Keith Truth) says that this is what the Zeitgeist Movement creates – I'm paraphrasing. And he may have a point if one tries to connect the dots with people like him and knowing Jacque Fresco's KKK background. And now I see why you think Jacque Fresco is a racist period. So, if someone accused TZM being racists, prejudice, whatever, people will see why such comments come about. And that Jay-Z song is dope son! Anon is not backing down, this is so amusing.

[BranManFloMore](#) said this on [May 19, 2010 at 6:37 pm](#) | [Reply](#)

19. LOL... I was a trained killer in U.S. Army Special Forces during the Viet Nam war, and now I am a complete pacifist who will not even defend myself, although I could easily enough. If anything in the past means anything about now, then everyone is fixed and unable to radically change with new information and experience. I don't care about those who are against the Zeitgeist Movement and Venus Project, I care for all of us regardless of present opinions, because we can all change and we will, like it or not. The world won't let us stay fixed, interior or exterior. The ZM and VP are, at the present moment, the only people who are trying to find alternatives to our ecologically dysfunctional world and the slaughter and mayhem which seems continuous somewhere on the planet.

[Roan Carratu](#) said this on [May 30, 2010 at 3:43 am](#) | [Reply](#)

- I appreciate your conversion to pacifist, but let me lay it straight. TVP/TZM are not the only option, far from it. They have hijacked other ideas and movements and formulated their own agenda and are attempting to take sole credit. They and their members frequently make this audacious claim that they are the only option, simply put this is Bullshit.

[anticultist](#) said this on [May 30, 2010 at 8:51 am](#) | [Reply](#)

- BS indeed. When alternatives are brought up, they are most likely moved to the MISC. FORUMS so that it becomes discouraged within the movement to look at other things/projects that can help humanity. It's sad really, it's all a popularity contest with them. Nothing more.

[BranManFloMore](#) said this on [May 30, 2010 at 9:37 pm](#)

20. “The ZM and VP are, at the present moment, the only people who are trying to find alternatives to our ecologically dysfunctional world and the slaughter and mayhem which seems continuous somewhere on the planet.”

The opposite. They are not only not the only people, they aren't doing that, they are only pretending to do that and in fact if you pay attention the word is to wait until AFTER COLLAPSE until doing anything in the real world.

In fact, they are not any kind of problem solvers and any idea you have that they are going to help the world is a delusion, and a misreading of their literature.

5- Anon Abusers

Anonymous is an internet meme, a “virtual person” or collective of people who have individually acted to expose what they view as bad things on the internet– such as child pornography, and claims of abuses by the Church of Scientology. For more information, see the wikipedia article.

Given the nature of the meme, it's possible for some people to use the Anonymous name for their own purposes, which is to some extent in keeping with the original intent. When it's done individually, it's not dishonest. But when a person implies that the group in general supports what they are doing, it's not necessarily so. That appears to be what MattG and Anticultist are going– using the Anonymous name to cover their attacks on members of the Zeitgeist Movement, and to imply by association that what they are doing is similar to, and supported by, the people who did the work on Scientology.

MattG

MattG identified himself as Matthew Greene. He revealed his name here:

http://www.thezeitgeistmovement.com/joomla/index.php?option=com_kunena&Itemid=99999&func=view&catid=60&id=221833#221873

Searches reveal that he is a founding member of the 4allofus.com web site (mattg@4allofus.com). He also appears to be behind the anon4allofus sites such as:

<http://anon4allofus.hopto.org/>

Matt appears to live near Yorkshire, UK.

MattG reveals his name, location, and troubles with the UK legal system here:

Some great detective work. I strongly suspected as well that anti-cultist is involved with those anonymous YouTube users. The information, ideas, concepts, language is strikingly similar and sometimes they follow up on each other with videos/blog posts rather quickly. It's obvious there's a group out there actively trying to smear Peter Joseph and the Zeitgeist movement.

Honestly this is too funny, people were warning me I would be blamed for this, plus I dont even know who the hell Matt g is but i am willing to bet he is not too pleased these people are trashing him in public for something he most likely is not doing. Just a heads up for anyone interested in reading this, I am contacted by an anonymous email account in my own anticultist email. I still do not know who they are after talking for months with them, much in the same way I have no idea who Euripide Sneed is and i contact them in the same manner. Anonymous do use my material and do ask my opinions on things for their videos, so all the above is only because I know whats coming next regarding a few of their videos content. So there you go, oh and for the sake of the curious yes I have IP searched and they are from all over the place when they come in. This post is what is called bad speculation, but I dont mind being blamed for those videos as they are rather funny.
